A Moving Experience

If you see a house moving through the neighborhood soon, don't think the New Madrid fault has shifted one year after the predicted date. At least one house will be moving, and it has nothing to do with an earthquake.

The City of Louisville has entered into a development agreement with Urban Development, Inc. to move the house located at the rear of 2406 Frankfort Avenue (the former Wobbe's Pharmacy) to the vacant lot at 130 South Peterson Avenue. The developers will then rehabilitate the house as a single family dwelling in keeping with the surrounding neighborhood.

The Crescent Hill Community Council's Comprehensive Plan Committee reviewed and approved site/landscaping plans and rehabilitation plans for the restoration of the house. The development agreement entered into by the City made that review and approval a condition for conveyance of the South Peterson Avenue property to the developers. The lot, which was owned by the City, has been declared surplus property.

The house is a three-story frame structure, which was built as the parsonage of Crescent Hill-Clifton Methodist Episcopal Church. The church was located on the southeast corner of Frankfort and South Ewing Avenues.

The principals of Urban Development, Lenora Paradis and Scott Cummings, hope to have the rehabilitation of the house completed next spring. The property will then be offered for sale.
